8006 **DNA profile** (dog/cat/horse/cattle)

8005 **Parentage testing** (dog/cat/horse/cattle)

Please always send in for a descent proof samples of the two parents even if only the paternity shall be cleared. Furthermore the sending in recommends himself all fathers being considered rehearse of. In the context of a descent proof the preparation of an identity proof is necessary for every parent.

Very important:

Optimal rehearsing material has a blood test. Please contact your veterinarian to this.

The rehearsing recipient should be allowed to be sent officially or to function as an official rehearsing recipient if the result shall be court usable.
